## A Global Leader in Fire Protection Innovation

At Rapidrop, we are proud to be a British manufacturer and global supplier of high-quality fire sprinklers and fire suppression equipment. From our headquarters in Peterborough, Cambridgeshire, we support customers in over 75 countries with reliable, internationally approved fire safety solutions.

Our product range, including UK-manufactured sprinkler heads, valves, flexible hose systems and specialist fire protection components, has built a strong reputation for quality, innovation, technical expertise and our customer-centric approach.

We are committed to protecting lives and property, with our systems installed around the world and contributing to major commercial developments and landmark projects.

IFI, the original foundation of Rapidrop, supports the construction and fenestration industry by supplying specialists and installers with a comprehensive range of fixings, fitting tools and consumables. Over the past eighteen months, Rapidrop has entered an exciting new phase of growth, welcoming a new CEO and Chairman alongside significant investment and long-term expansion plans. This includes new storage facilities in the UAE, increased European capacity and a new product development programme to expand our range and improve availability.

Today, our teams operate across the UK, Europe, the Middle East and South Africa, supported by continued investment in our UK headquarters, including a fully refurbished modern office environment. With a collaborative culture and a growing international footprint, Rapidrop offers an exciting opportunity to contribute to a business focused on innovation, growth and protecting people and property worldwide.
